This part prescribes the criteria to be followed by the Federal Emergency Management Agency (FEMA), or any state acting on its behalf when implementing cost sharing under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), *as amended*, also known as Superfund.

**§ 222.2 Definitions.**

(a) *Acceptable contributions* means either cash (or its equivalent, appropriated funds) or the value of contributions of goods, facilities or services, or combinations of these, that can qualify for and meet matching share requirements.

(b) *Allowable costs* means those eligible, reasonable and necessary, costs which are permitted under the appropriate Federal cost principles, in accordance with FEMA policy, within the scope of the project, authorized for FEMA participation and in accordance

with OMB Circular A-87, Cost Principles for State and Local Governments.

(c) *Cash contributions* means the recipient's (state or local government) cash outlay, including the outlay of money contributed to the recipient by other public agencies, institutions, private organizations, and individuals.

(d) *Cost share* means that portion of the allowable project cost which is not derived from Federal assistance.

(e) *Value* is the cost to the state for services and facilities or goods.

#### § 222.3 Program intent.

(a) This regulation is intended to provide criteria with regard to the states' allowable costs associated with the administration of temporary and permanent relocation activities under CERCLA. CERCLA section 104(c)(3), as amended, states that the state will pay or assure payment of (1) 10 per centum of the costs of the remedial action, including all future maintenance or, (2) 50 per centum (or such greater amount as the President may determine appropriate, taking into account the degree of responsibility of the state or political subdivision for the release) of any sums expended in response to a release at a facility that was operated by the state or a political subdivision thereof, either directly, or through a contractual relationship or otherwise at the time of any disposal of hazardous substances therein. The Federal Government will pay 90 per centum under (a)(1) and 50 per centum or less under (a)(2).

(b) FEMA will determine, based on policy determinations with prospective effect, applying the criteria set out in §§ 222.4 and 222.5, the eligibility of any matching contributions not covered by this regulation. Expenditures and other actions must be in compliance with applicable FEMA/State cooperative agreements, contracts, Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs (Uniform Regulations), relocation plans, relocation criteria, and OMB Circular A-87, Cost Principles for State and Local Governments. FEMA and the state shall maintain adequate records of its acquisition and relocation activities in sufficient

detail to demonstrate compliance with these regulations.
